

## COCONINO'S WONDER

The Scene of One of Nature's Most Interesting Sight—Visited by Thousands of People.

But few seem to realize the fact that situated about sixty-five miles north of Flagstaff, and within the limits of Coconino county, is the greatest curiosity in the known world. It is the Grand Canyon of the Colorado, and the word grand falls short of its meaning when used in connection with this wonder. No tongue can tell, no pen describe, no artist can paint its grandeur and beauties. The scientist, the philosopher and geologist have all gone and stood upon its awning brinks, looked with amazement for hours and days into the mighty depths beneath, and gone away convinced that finite mind cannot comprehend its awfulness. No human being can gaze upon it without being impressed with Nature's God. So immense are its walls, so deep its chasm that mountain after mountain could be swallowed by this mighty abyss. People from all over the civilized world have come to see this magnificent wonder, and none have ever regretted their visit. Hundreds of curiosities are to be seen at one glance of the eye, and indeed there is so much in sight that one cannot behold the half. So great, marvellous, and almost inspiring are the sights, that those who have once seen the Canyon are anxious to get another view of it. Aside from its curiosities and other points of interest, it has afforded a field for the prospector—indeed at one time it was thought that it was rich in mineral. A great many mineral seekers have prospected its mountains and caves, and found many specimens of different kinds of ore, and quite a number of claims have been located, and some worked, but as yet it has not proven a field for investments. That there is ore within the walls of the Grand Canyon none doubt, and if a railroad is built from Flagstaff, or some other town along the line of the A. & P. road, mining will be one of the main industries of this section. A great deal has been said and written regarding the Canyon, but as long as men exist on this earth, the tourist and curiosity seeker will visit this noted spot. We, who live so near, cannot realize that we have within our county the greatest, grandest and most wonderful curiosity on earth, and our city is, and will continue to be, the gateway to it. Each year the travel to it increases. A daily stage line connects Flagstaff with the Canyon, and the expenses of visiting it is certainly small. The Yosemite Valley, the Natural Caves in Kentucky and the Niagara Falls fail to afford such sublimity and scenery as the Grand Canyon, and no spot of country in the world can lay claim to such a wonder as Coconino county. It is worth the travel of thousands of miles, and the expenditure of hundreds of dollars to see it.

Mr. C. L. Hasbrouck, a druggist at Mendon, Mich., says all of the good testimonials that have been published by the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy could be duplicated in that town. For sale by D. J. Brannen's drug store.

### Shaking Up Endeavorers.

CHICAGO, July 1.—A section of the special loaded with Christian Endeavorers bound for San Francisco was run into by another section on the Chicago Northwestern at West Chicago at midnight. Mrs. R. Shipman and John Gooding, both of Fond du Lac, Wis., and an unknown tramp, were killed, and twenty-three injured, ten fatally.

THREE HAUTE, Ind., July 1.—A Christian Endeavor special collided with a passenger train near Vandalia at 1 a. m. The postal clerk and baggage man were killed and several others hurt. The special disobeyed orders to wait for the other train at Vandalia.

AKRON, Col., July 1.—The first section of the Christian Endeavor train ran into a freight train six miles west of here about 3 o'clock this morning. Fireman S. W. Gole was slightly hurt and Dave Wagner, engineer, were seriously injured. One passenger, Fred Eglassburn, of Tampico, Ill., was cut over the left eye.

Reason Why Chamberlain's Colic, Cholera and Diarrhoea Remedy is the Best.

1. Because it affords almost instant relief in case of pain in the stomach, colic and cholera morbus.
2. Because it is the only remedy that never fails in the most severe cases of dysentery and diarrhoea.
3. Because it is the only remedy that will prevent chronic diarrhoea.
4. Because it is the only remedy that will prevent bilious colic.
5. Because it is the only remedy that will cure epidemical dysentery.
6. Because it is the only remedy that can always be depended upon in cases of cholera infantum.
7. Because it is the most prompt and most reliable medicine in use for bowel complaint.
8. Because it produces no bad results.
9. Because it is pleasant and safe to take.
10. Because it has saved the lives of more people than any other medicine in the world.

### All the People

Should keep themselves healthy and especial care should be given to this matter at this time. Health depends upon pure, rich blood, for when the blood is impure and impoverished disease of various kinds are almost certain to result. The one true blood purifier is Hood's Sarsaparilla. By its power to purify and vitalize the blood it has proved itself to be the safeguard of health, and the record of remarkable cures effected proves that it has wonderful power over disease. It actually and permanently cures when all other preparations fail to do any good whatever. For sale by all druggists and medicine dealers.
